Class EOFException

java.lang.Object
  java.lang.Throwable
    java.lang.Exception
      java.io.IOException
        java.io.EOFException

All Implemented Interfaces:

Serializable

```
public class EOFException
extends IOException
```

Signals that an end of file or end of stream has been reached unexpectedly during input.

This exception is mainly used by data input streams to signal end of stream. Note that many other input operations return a special value on end of stream rather than throwing an exception.

Since:

1.0
